

THE ULTIMATE CHALET HOST COOKERY COURSE

GETTING A JOB IN THE ALPS...

We fully recommend applying for jobs prior to completing the course as companies start hiring their staff from May onwards. Make sure you tell them you are doing our course. Remember that these companies are employers like all others and expect a well written Cover Letter explaining why you want to work a ski season and what skills or experience you have that will be beneficial to them as well as a professional looking CV. Highlight your love of the mountains, skiing and cooking as well as looking after guests. The following companies are interested in hearing from people who have done our course:

SnowCrazy

Alpine Holidays You'll Fall In Love With...

Ski Royale
